

Maternity and New Baby-ies

ANTICIPATION AND ARRIVAL PORTRAITS

This is a special package for the new family. These pictures can be taken either in the hospital or in the privacy of your own home. We will bring our equipment to you and set up to deliver either setting. The process will start with a discussion of what you want and together we will decide how to capture the desired photos. The images are posted on the web, with a secure code, that allows your family to review and order the pictures they want.
